

SDSS Change Control Board Meeting
Wednesday, August 1, 2001 at 3:00 pm (CDT)

Dial in Number: 1-888-422-7109

Participant Code: 174717

AGENDA

1. Target selection change request to deal with missing $z=3.5$ QSOs
 - Ref. Gordon's change request e-mail posted at:
<http://www.astro.princeton.edu:81/sdss-qsos/msg.455.html>
2. Falling behind the baseline plan and options for meeting the survey goals, including the possibility of extending the 5-year baseline survey.
 - The set of performance graphs, updated through the last run, can be found at:
<http://tdserver1.fnal.gov/sdss/project/perf-metrics.htm>
 - The 2001-q2 progress report can be found at:
<http://tdserver1.fnal.gov/sdss/qtr-reports/qtrly-reports.htm>
3. Request to extend the scope of work and effort associated with the photometric calibration work.
4. Bringing the software standards document under change control.
 - The current version can be found at:
<http://www-sdss.fnal.gov:8000/standards/doc/www/standards.html>
5. Change request to add IDL as a survey language (ref. Jill's e-mail.)
